

2018

Eagle Ford Excellence Awards Nominations

Third-party nominations will be accepted for the Eagle Ford Excellence Awards. Companies or individuals wishing to submit a nomination should fill out the nomination form with the necessary information. Once the nomination is received, STEER will contact the nominee for the pertinent information needed to complete the submission.

Nominations will be accepted for the following award categories:

Environmental Stewardship – presented to those who make it their obligation to preserve the environment in a responsible manner

Safety Performance – recognizes specific initiatives or products that have significantly reduced the risk to workers or members of the community

Community and Social Investment – companies and contractors in the Eagle Ford area that are working with communities to make a positive impact

STEER Impact Award – this award honors nonprofit organizations and educational institutions that directly impact the oil and gas industry and the surrounding community

Entry Guidelines:

Please provide a short description of the nominee's activities or performance related to the above award categories.

Third-party judges will examine the final documentation submitted by the nominee that will include a project description and evidence relative to the criteria. Entries for **all Eagle Ford Excellence Awards** should be accompanied by supporting documentation such as testimonials, project descriptions, case studies, photographs and published articles.

For additional information about STEER or the Eagle Ford Excellence Awards, visit steer.com.
